And with tens of thousands of their family members, friends, therapists, and colleagues.

Dear Author/Editor,

I am Sam Vaknin, author of ["*Malignant Self-love: Narcissism Revisited*"](#), a pioneering work of reference, now in its 10th. DSM-5 compatible revision, about [Narcissistic Personality Disorder](#) and of [other books](#) about [personality disorders](#).

I have been studying [pathological, malignant narcissism](#) for several years now, mostly in the following contexts:

- I. **Corporate settings and in Politics** - click [HERE](#) for online resources
- II. **Abusive and Dysfunctional relationships** - click [HERE](#) for online resources and a [TIP SHEET: Cope with Your Abuser](#)

Narcissistic Personality Disorder (NPD) is a serious, often undiagnosed condition, frequently related to abuse in childhood.

In many cases the disorder compels the sufferer to become the abuser in turn.

Once almost unheard of, pathological narcissism is now considered to be at the heart of phenomena as diverse as **corporate malfeasance, workplace bullying, the emergence of murderous dictatorships, domestic violence, and serial killings.**

I would be delighted to assist you in putting together a report, a segment, an issue, an article, or series of articles - regarding this disorder.

What Mental Health Professionals and Authors have to say

“Among many books published on the topic of pathological narcissism, this is by far the best.

It is highly recommended not only for the general public but also for professional therapists.”

(Akira Otani, Ed.D., ABPH, University of Maryland)

"Sam is doing a great work on pathological narcissism. His book "Malignant self love" is our first guideline in handling malignant types of patients in the forensic setting."

(Dr. Sanja Radeljak, MD, PhD, psychiatrist and forensic expert, Neuropsychiatric hospital "Dr. Ivan Barbot" Popovaca, Croatia)

“Sam Vaknin is the number one author in guiding this understanding - technically rich - and serious in details of specific dynamics other authors don't get ...

This is the one book to support professionals and people coming out of dysregulated families and dysfunctional relations.”

(Dr. Claudia Riecken, clinician and neuroscientist, Brazil)

“The book penetrates deeply into the narcissist's mind and is filled with myriad gripping novel insights. It gives the reader a great insight into the fears, desires, defenses, and motives of the narcissist, as well as those in relationship with the narcissist.”

(Alison Poulsen, Ph.D.)

“Brilliant, insightful, extremely relevant, not only clinically, but practically, on a day to day basis.

This work can be immediately applied and be of assistance to our society at large.”

(Dr. Cyndie Spanier, Ph.D., Deputy Director at Pittsburgh Behavioral Medicine, LLC)

“Sam is a genius his work most inspiring not only to myself but to my colleagues as well.”

(Joan Jutta Lachkar, Ph.D., Affiliate Member of the New Center for Psychoanalysis and Author of: How to Talk to a Narcissist; How to Talk to a Borderline; Narcissistic/Borderline Couples)

"Sam Vaknin is an expert on this field and presents his work clearly and with ease. I recommend this book most highly as awareness of NPD is crucial in this world today and Sam Vaknin gives his exclusive comprehensive understandings of this topic. This book will help you with human interactions in dealing with families, friends and co-workers. This is a most valuable investment for you in reading and re-reading, to have in your library. This read is worth several therapy sessions I believe and more so in fact."

(Audrey Epstein, M.S. Ed., MPA)

“Clinicians, researchers and narcissistic abuse victims alike have benefited from this one-of-a-kind book about narcissistic personality disorder. As a psychologist who specializes in narcissistic abuse recovery, psychopathy, and narcissistic personality disorder (NPD), I endorse this book as an empowering clinical tool. This resource has helped me to form a clearer diagnostic impression of malignant narcissists who seek my help during episodes of desperation and withdrawal due to narcissistic supply depletion. Armed with a more comprehensive understanding of NPD, I feel calm and in control when ambushed by narcissistic rage during diagnostic interviews and psychotherapy sessions. Vaknin's familiar descriptions of psychological theory and clinical terminology are quite helpful in managing transference and countertransference issues in order to maintain healthy therapeutic boundaries. This book is an invaluable resource to mental health professionals to combat compassion fatigue and psychological abuse when working with cluster b personality pathology. I highly encourage clinicians to both read and reference Malignant Self-love to improve treatment outcomes for victims of narcissistic abuse.”

(Dr. April Jones, Licensed Psychologist in Chicago, Illinois, USA)

"Sam Vaknin's book is THE bible on Narcissism!"

(Mary Jo Fay, author of 'When Your Perfect Partner Goes Perfectly Wrong - Loving or Leaving the Narcissist in Your Life')

"I consider this book to be the compass for Narcissistic Personality Disorder education"
(Jen Emmerich, LMSW, ACSW)

"There is no more important work than this one on the subject ... You may very well discover yourself."

(Heyward Bruce Ewart, III, Ph.D., author of 'Am I Bad')

"Read Malignant Self Love so you will understand that you are NOT crazy, you are just embedded in a crazy making relationship."

(Liane J. Leedom, M.D., author of 'Just Like His Father?')

"Vaknin's depth and breadth are unmatched anywhere else and by anyone else. He knows everything there is to know about narcissistic and psychopathic abusers and how to cope with them effectively."

(Yomtov Barak, family therapist)

"I was stimulated just as I was challenged and enlightened."

(Robert L. Mueller, author of 'Bullying Bosses')

(Dr. Anthony Benis, Mount Sinai Hospital, New York, and author "Towards Self and Sanity - On the Genetic Origins of the Human Character")

"Sam Vaknin is a leading authority on the topic of narcissism."

How to Use Skype to Interview me:

1. You can simply use Skype to call my landline, or my cell phone.
2. OR:

You can download Skype 4.0 or later and establish a 3-way connection to Sam Vaknin by first calling Sam, then calling/adding in your show's call-in number.

You can place a 3-way call to Sam Vaknin. Your Skype (computer) is able to connect your U.S. land phone with Sam's land phone (Macedonia). It should be done as a Skype 3-way

'conference' call.

For Sam to 'call in' to your radio show, this is what to do:

Call Sam's land phone (using Skype on your computer), then call your show's call-in number. The call then becomes a 3-way 'conference' call. If you put your own Skype microphone on 'mute', you can eliminate all background noise from your end of the 'conference.'

Summary:

Either, use Skype to call Sam's landline, or his cell phone.

OR:

Use Skype on your computer, call your own #, then call (add in) Sam's number in Macedonia.

You can also use your land line phone for a 3-way (no Skype). Just add an international long-distance plan to your account and try a 3-way using your own phone.
